ANCIENT EGYPT MAP ASSIGNMENT

This map will aid you throughout our unit on ancient Egypt. Please use the map on **page 88** in your textbook, along with the map on **page 107** of the atlas to neatly label the following on your map.

- **Bodies of Water**

- Mediterranean Sea
- Red Sea
- Nile River

Rivers should be outlined in blue and larger **bodies of water** should be shaded in **blue**

- **Cities**

- Giza
- Memphis
- Thebes/Luxor
- Alexandria

These should be neatly written in the appropriate location. Use the bends in the river to help you.

- **Regions**

- Upper Egypt
- Lower Egypt

These should be neatly in the appropriate location.

- **Physical Landforms**

- Nile Delta
- Arabian Desert

- **Map Elements**

- Compass Rose
- Title
- Tropic of Cancer

Use colours of your choice to fill your map and make it look amazing!

	Exceeding Expectations	Fully Meets Expectations	Meets Expectations (Minimal level)	Not Yet Within Expectations
Content	All labels are included and are carefully and accurately placed; detail along coastlines is careful and accurate	All labels are included and most are accurately placed	All but one or two labels are included, several are not accurately placed	Several labels are not included and many are not accurately or carefully placed
Visual Appeal	Bodies of water are coloured and clean looking; labels are very easy to read	Bodies of water are coloured; a few labels are not easy to read	Limited use of color; labels are somewhat difficult to read	Limited or no use of color; labels are very difficult to read
Map Elements	Includes clearly labeled title, compass rose, and Tropic of Cancer.	Includes most standard map elements; most are accurate and easy to read	Missing several standard map elements	Missing most standard map elements
